Relationship

Brief description, in writing, of construction or alteration proposed:

Attach to this application all drawings or photographs, or both, along with explanatory notes, which maybe necessary in order to convey to the commission a clear picture of the project. Such material as illustrations from manufacturers' catalogs "snapshots", paint color samples, magazine clippings, sketches and blueprints are acceptable for this purpose, items smaller than 8 1/2 x 11" must be mounted on paper of that size or larger. For a construction project, the illustrative material must include complete working drawings, showing all dimensions, colors; clearances form property lines and buildings, and the nature and extent of all materials of construction. (The drawings required for a building permit will serve this purpose if they give the necessary information.)
